Overall length: 27' 4" (8331mm) approx.

Overall width: 7' 8" (2336mm) approx.

Overall height: 10' 1" (3073mm) approx.

Unladen (including lift-up vent)

Interior height: 6' 1" (1854mm) approx.

33 Seats on 171", 25 Seats on 132"

**CONSTRUCTION** All steel body framing mounted onto a steel subframe. The exterior is panelled in alloy sheet with GRP front and rear mouldings. The floor is constructed from heavy duty plywood.

**GLAZING** Flat toughened glass windows are fitted to the sides and rear. The two piece curved windscreen is top tinted laminated and a sliding signalling window is fitted beside the driver.

**INTERIOR LINING** The sides and roof are lined with hard wearing, easily cleaned melamine sheet. The roof is fully insulated and the floor is covered with heavy duty linoleum.

**ENTRANCE & EXIT** Air-operated jack-knife doors at the front nearside of the saloon serve as the main entrance. An illuminated easy entry stepwell is incorporated together with stainless steel hand rails and a courtesy panel. A hinged emergency exit door with warning buzzer is incorporated on the offside towards the rear.

**HEATING & VENTILATION** The main saloon is heated by two floor mounted recirculatory heaters and the cab area by the heater/demister supplied with the chassis. Two lift-up roof ventilators are fitted together with an electric extractor fan. Hopper type window units fitted on each side.

**LIGHTING** The roof interior is fitted with fluorescent light units. The lights are controlled from a switch panel adjacent to the driver. The exterior is fitted with lighting equipment to meet all current UK regulations.

**SEATING** Bus seating is provided. The seats are trimmed in leathercloth and designed to give excellent passenger comfort. An adjustable driver's seat is fitted and ashtrays are provided.

**LUGGAGE SPACE** A luggage boot is available at the rear accessible through a lift-up door with stay. Interior luggage racks are also available.

**SPARE WHEEL** Fitted on standard carrier.

**BATTERIES** Fitted in locker on pull-out sliding tray.

**STANDARD FITTINGS** Fire extinguisher. First aid kit. Drivers sun visor and night blind. Panoramic interior mirror. Exterior mirrors. Mudflaps to all wheels. Pantograph windscreen wipers. Exterior rub rails.

**EXTERIOR FINISH** The vehicle exterior is finished in single colour gloss paint. Radiator grille, headlamp recesses and bumpers are finished in black.

**OPTIONAL EQUIPMENT** Radio/Cassette/P.A. Roof level marker lights. Spot and fog lamps. Luggage boot. Interior luggage racks. Full width rear mudflap. Illuminated rear sign. Additional painting and signwriting.
